

WKXW 2nd Quarter 2015 ISSUES AND PROGRAMMING REPORTS

Attached is the 2nd Quarter Issues/Programming Reports

1. During the 2nd Quarter of 2015 WKXW-FM has sought to identify the issues and problems that concern our listeners through contacts with various community leaders, through our on-the-air talk programs and our news reports.
2. Many issues have addressed the concerns of New Jersey Communities. These issues include economic situations, elections, state and local legislation. These are just some of the community concerns addressed through our call-in programs and newscasts.
3. WKXW-FM continues to inform the community through its talk formats addressing New Jersey concerns. We have interviewed State Officials on the telephone to answer questions from our listeners on legislation and other issues that impact life in the Garden State. We have used the station as a sounding board for people of the state to voice their opinions on government, law enforcement and crime, public health, New Jersey taxes, education reform and transportation concerns, just to name a few.
4. We also aired monthly programs with New Jersey Gov. Chris Christie. Titled "Ask the Governor," the show gives New Jersey residents a chance to voice their concerns to Gov. Christie on a monthly basis. During the 2nd quarter, we also held a town hall series on the PARCC tests controversy, a follow-up to the town hall we held on the subject during the 1st quarter.
